Joke of the Week

An artist asked the gallery owner if there had been any recent interest in his paintings on display in the gallery at that time.

The owner replied. 'There's good news and bad news. The good news is that a gentleman inquired about your work and wondered if it would appreciate in value after your death. When I told him it would, he bought all 15 of your paintings.'

'That's wonderful,' the artist exclaimed. 'So what's the bad news?'

'Well, you see the purchaser was your doctor.'
